

LANDSCAPE & TURF DIVISION MICRO-TUBING

Netafim USA's Polyethylene Micro-Tubing is made from quality polyethylene resins. With Netafim's stringent quality controls, every coil undergoes a battery of tests and over 30 quality checks before leaving the factory. This means you will receive the highest quality product with each and every coil. Unlike vinyl tubing, Netafim polyethylene micro-tubing is designed to withstand hot and cold weather plus provide excellent hold characteristics on fittings in any kind of weather. Also works with all brands and models of point source drippers that accept 0.160" (1/4") tubing. Whether you choose white or black Netafim polyethylene micro-tubing, you will be getting the same performance features you have come to rely on and trust.

White Polyethylene (PE) Tubing

With excellent Ultra-Violet (UV) resistance, our reflective white tubing is completely opaque to prevent algae growth and is able to withstand heat and harsh chemicals. This tubing is not coated or layered white. It is solid white for long-term durability. It withstands heat, direct sun and harsh chemicals while producing cooler water temperatures, enhancing plant growth. Available in 100' or 1,000' coil lengths.

Black Polyethylene (PE) Tubing

Netafim's black polyethylene tubing is also UV and acid resistant, withstands heat, direct sun and harsh chemicals. Available in 100' or 1,000' coil lengths.

Specifications

EDTUBE - Black:

4/6mm
0.160" I.D.
0.220" O.D.

Black EDTUBE - shown in 100' coil

EDTUBE - White:

4/7mm
0.156" I.D.
0.264" O.D.

White EDTUBE - shown in 1,000' coil

MICRO-TUBE FITTINGS Ordering Information

Model Number	Description	Bag Quantity
EDTUBETEE	5mm Barb Tee	25
EDTUBEBA	5mm Barb Adapter	25
EDTUBESTK	5mm Tubing Stake	25
GOOFPLUG	5mm/8mm Goof Plug	25
EDTUBE8XMT	1/2" MPT x 8-Way for EDTUBE	25
EDTUBEMVLV-B	5mm (1/4") Barb x Barb On-Off Valve	10

MICRO-TUBING Ordering Information

Model Number	Description	Coil Length
EDTUBE-01	.160" x .220" Black	100'
EDTUBE-10	Polyethylene Micro-Tubing	1,000'
EDTUBE-01W	.156" x .264" White	100'
EDTUBE-10W	Polyethylene Micro-Tubing	1,000'

EDTUBE Performance

Flow (GPH)	Velocity (FPS)	psi Loss (per 100 feet)
0.50	0.13	0.04
1.00	0.27	0.16
2.00	0.53	0.58
3.00	0.80	1.24
4.00	1.06	2.11
5.00	1.33	3.19
6.00	1.59	4.46
7.00	1.86	5.94
8.00	2.13	7.61
